

S21-25-1000 Task Count Sheet

This sheet shows the number of people assigned to the selected tasks each time period. You can filter the information to be displayed in the column by clicking on the little down arrow in the table header row and selecting the item you would like to be displayed. You can filter the data on more than one column by selecting a filter in multiple columns. The little down arrow will be black if no filter has been selected and it will be blue if a one has been selected. You can remove the filter by selecting "All" from the drop-down menu. If you want to hide blank rows you can select "NonBlanks" from the bottom of the drop-down menu.

This sheet needs to remain unprotected for the data filters to work.

The print range has been set to use as many sheets of paper as necessary to print all of the displayed rows.
